

## BECOMING A MEMBER WILL SAVE A LOCAL TREASURE

The Winnebago County Forest Preserve District and Macktown Living History have undertaken plans to restore Macktown to its 1830-50's historic condition using a master plan by Sheaffer Land Architects.

Plans include archaeological excavations, reconstruction of the Hayes Tavern, the Mack Store, the Furniture Shop, the building that housed the school room, and other historic buildings.

Reconstruction of the historic State Road is complete. Restoration of the prairie, oak savanna and other historic landscapes is under way. Construction of a ferry and skiff landing are also planned.

The building believe to have housed the original school room has been donated and restoration is scheduled to begin in 2008-09.

These project and others have an estimated cost of over 2.5 million dollars. Your generous contribution will help fulfill our plans to make Macktown the premier living history site in Illinois.

With your help, we will be able to celebrate our history by restoring this historical treasure for the education and enjoyment of our future generations.

Membership is tax deductible!  
Details and membership form on reverse side.
